

What our HECS Partners say?

University of Chester

"Our good relationship with Saqib was established from the moment we first enquired about Graduates First and were given test use of the package almost immediately. Thanks to him, the whole process ran very smoothly and easily, and once we decided that it was the right product for us and our students, we had full use of the package straight away."

Graduates Projects

"I am very impressed with Graduates First. It is very useful to have a resource that enables students to get realistic feedback on their performance. The team are incredibly responsive to requests and a pleasure to work with."

Careers Consultant

"The tests are easy to administer and the support from Graduates First is always swift and helpful."

Careers & Employability Adviser

"GraduatesFirst is an extremely effective and accessible Psychometric Test publisher, providing high quality tests that our students find invaluable in helping them prepare for the 'real thing'. The strongest feature is the high level of quality feedback provided after each test taken, and very much fits in with the philosophy we are adapting in helping our students prepare for the graduate job selection processes. The staff are always responsive to questions, whilst the organisation continues to improve the service offering through exciting new features and amendments. I highly recommend GraduatesFirst."

Career Development Consultant

50 YEARS OF
LEARNING
1964 - 2014

Edinburgh Napier
UNIVERSITY

"Here at Edinburgh Napier we have found the Graduates First product to be a very useful addition to our services. Students are now much more engaged with psychometric testing and find the system helpful and easy to use. Support from Graduates First for us has been first class as well. Customer support is helpful and responsive. Graduates First has become indispensable for us as a service. I'd recommend it to any Careers service."

Careers Adviser

UNIVERSITY OF
Southampton

"...Graduates First offered the best value for money. We use the tests to support workshops and student feedback has been really positive. The flexibility of the system was a key factor in our decision and the customer service was second to none; the system was up and running and available to our students within hours."

Service Delivery Deputy Manager

University of
Kent

"I just wanted to say I'm so pleased with the way the system is working, the feedback is excellent and it's so much easier to use than our last provider's system! It seems to be really popular with students too, especially as we haven't even advertised it much yet."

Careers Adviser

"We looked at a range of test providers but Graduates First was always a front runner. It did everything we wanted without being over complicated and was competitively priced compared to others. The customer service has always been excellent, providing quick responses to any queries we had. The set up was also extremely quick and simple."

Careers Development Consultant

"Saqib has provided excellent service...He has been professional in keeping contact with us, communicating in a timely manner, whether he is working from the UK or on overseas visits."

Careers Consultant

"Over the last two years the Graduates First package has enabled us to provide hundreds of Loughborough students with an effective and high quality test preparation experience... I'm very impressed at the speed of their response!"

Careers Consultant

"GF have been excellent in responding to our needs, e.g., in one single week we had about 250 students on the module doing 10 tests each. Personally I have found them excellent and pro-active in suggesting solutions to our specific needs."

Careers Consultant

"Graduates First offer a very responsive service that is tailored to our university. They are always on hand to suggest solutions or new ways of working with the system. The university branded webpages with links back to our careers pages are also a great feature."
